What Is the Dayton Amateur Golf HOF Monument Fundraiser?

Strongly supported by the Dayton Golf Commission, the 2009 Hall of Fame committee initiated a plan of constructing a monument to honor the outstanding achievements of its Hall of Fame Inductees. The cornerstone to funding the construction of the HOF “Wall of Fame” is this exciting memorial paver fundraiser. All proceeds from this paver project will directly fund the “Wall of Fame” project.

All pavers will be installed in the hexagon shaped landscape bed that resides at the center of the Kittyhawk Golf Center buildings. It will receive a landscape makeover and will be well integrated into the “Wall of Fame”, which is slated for the northwest wall of the Kittyhawk restaurant facility.

Your purchase will not only assist in funding this construction, but it will also afford you the opportunity to honor a friend or family member or to commemorate personal achievements or those of others. Use this project to display your pride in one, a tournament victory, or simply say how lucky you feel to be able to play the remarkable game of Golf.
